1. Notice Inviting Tender (NIT)

The KVK, Unnao under the ICAR, invites sealed tenders from eligible and qualified manufacturers/suppliers Empaneled for the supply, installation, and commissioning of honey processing equipment as specified in this tender document.

The tender details are as follows:

- **Tender Reference Number:** KVK/NBHM/02/3595
- **Date of Issue of Tender:** August 30, 2025
- **Name of the Work:** Tender for Cold Storage Unit & CHC for Beekeeping
- **Last Date and Time for Submission of Tender:** September 09, 2025, 15:00 Hrs
- **Date of Opening of Technical Bids:** September 10, 2025, 11:00 Hrs
- **Date of Opening of Financial Bids:** September 10, 2025, 15:00 Hrs
- **Venue of Opening of Bids:** Training Hall, VKS Krishi Vigyan Kendra, Unnao
- **Earnest Money Deposit (EMD):** Rs. 1,00,000.00 (Rupees One Lakh Only) in the form of a Demand Draft/Bank Guarantee drawn in favor of **V.K.S. Krishi Vigyan Kendra** payable at Unnao/EMD exemption for MSME.
- **Contact Person:** Senior Scientist & Head, KVK Unnao (Office – 9452239313)
- **Email:** kvkunnao@gmail.com
- **Website:** <https://unnao.kvk4.in/>

KVK, Unnao reserves the right to cancel the tender at any time or amend/withdraw any of the terms and conditions contained in the Bid Document without assigning any reason thereof.

2. Instructions to Bidders

2.1 Cost of Bidding: The bidder shall bear all costs associated with the preparation and submission of its bid, and KVK, Unnao shall not be responsible or liable for these costs, regardless of the conduct or outcome of the bidding process.

2.2 Examination of Tender Document: The bidder is expected to examine all instructions, forms, terms, and specifications in this tender document. Failure to furnish all information required by the tender document or submission of a bid not substantially responsive to the tender document in every respect will be at the bidder's risk and may result in the rejection of its bid.

2.3 Language of Bid: The bid and all accompanying documents shall be in the English language. If any accompanying documents are in another language, they shall be accompanied by an English translation. The English version shall prevail in matters of interpretation.

2.4 Preparation of Bids:

- The bid shall be prepared in two parts: the Technical Bid and the Financial Bid.
- Both bids shall be submitted in separate sealed envelopes, clearly marked "Technical Bid" and "Financial Bid". These two envelopes shall then be placed in a single outer envelope, clearly marked "Tender for Procurement of Honey Processing Equipment".
- The Technical Bid shall include all the documents and information as specified in Clause 3 (Eligibility Criteria) and Clause 4 (Technical Specifications).
- The Financial Bid shall include the price schedule as per the format provided in Annexure VIII.
- All pages of the bid shall be signed and stamped by an authorized representative of the bidder. The bidder shall submit a copy of the authorization.
- The bid shall contain no alterations, omissions, or additions, except those to comply with instructions issued by the Purchaser or those necessary to correct errors made by the bidder, in which case such corrections shall be initialed/signed by the person signing the bid.

2.5 Earnest Money Deposit (EMD):

- The bidder shall furnish, as part of its bid, an Earnest Money Deposit (EMD) of Rs. 1,00,000.00 (Rupees One Lakh Rupees) in the form of a demand draft /Bank Guarantee drawn in favor of **V.K.S. Krishi Vigyan Kendra** Payable at Unnao.
- The EMD shall remain valid for a period of 180 days beyond the final bid validity period.
- Bids not accompanied by an acceptable EMD shall be rejected.
- EMD shall be forfeited if the bidder withdraws its bid during the period of bid validity.
- The EMD of unsuccessful bidders will be refunded.
- MSME EMD exemption.

2.6 Bid Validity: Bids shall remain valid for a period of 180 days from the last date of submission of bids.

2.7 Submission of Bids:

- Bids shall be submitted in sealed envelopes, either by registered post/speed post or by hand delivery, to the address specified in the NIT.
- The envelope shall bear the name of the tender, the tender number, and the name and address of the bidder.
- Bids sent by fax or email shall not be accepted.
- Late bids shall be rejected.

2.8 Opening of Bids:

- The KVK, Unnao shall open the technical bids in the presence of bidders or their authorized representatives who choose to attend, at the time, date, and venue specified in the NIT.
- The financial bids of only those bidders who qualify in the technical bid evaluation shall be opened. The date, time, and venue for opening the financial bids shall be communicated to the technically qualified bidders.

2.9 Evaluation of Bids:

- The KVK, Unnao shall evaluate the technical bids to determine whether they are

substantially responsive to the requirements of the tender document.

- The financial bids of technically qualified bidders shall be evaluated to determine the lowest evaluated bid.
- The KVK, Unnao reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids, at any time prior to the award of contract, without thereby incurring any liability to the affected bidder or bidders.

2.10 Award of Contract:

- The KVK, Unnao shall award the contract to the successful bidder whose bid has been determined to be the lowest evaluated bid and who has the capability and resources to perform the contract satisfactorily.
- The successful bidder shall be required to sign a contract agreement with the KVK, Unnao within 15 days of the award of the contract.

2.11 Fraud and Corruption:

- The KVK, Unnao requires that bidders observe the highest standard of ethics during the procurement process and execution of contracts.
- The KVK, Unnao shall reject a bid if it determines that the bidder has engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the contract.

3. Eligibility Criteria

The bidder must fulfill the following eligibility criteria:

- The rate quoted by the bidder should cover installation, commissioning, transportation, GST, and any other incidental charges.
- The audited average annual turnover of the manufacturer for the last three (3) financial years should not be less than Rs. 1 crore.
- The bidder must, within the last three years, have successfully completed at least one work order for a cold storage with a capacity of 10 MT and at least one work order for the design and manufacture of a printing machine for Central or State Government entities, government undertakings, or private organizations, with supporting documentation such as work orders and completion certificates.
- Only manufacturers can quote, and they will provide sufficient training to staff to run the machinery/equipment for the first season.
- The bidder will provide a copy of Income Tax Statements for the last three years.
- The bidder will provide a copy of the Firm's registration certificate.
- MSME (UDYAM) certificate must be attached for EMD exemption claim.
- The bidder must have PAN/TIN/GST No. Copies of these are to be submitted along with the tender.
- The bidder should be registered and in operation for at least three years.
- The company should have an ISO 9001:2015 Certificate.
- The bidder should submit a declaration which may prove that the bidder has never been blacklisted/barred/EMD Forfeited by any Institute/Govt. Dept./Authority, nor has any Govt. Institute forfeited its EMD/Security in the past three years.

4. Technical Specifications

- **Technical Specifications:** The technical specifications as mentioned in the tender will be strictly adhered to; any deviation from tender technical specifications will make the tenderer liable for rejection.
- **Site inspection report:** The bidder must visit the machine installation site before participating in the bid and must upload a Site Inspection Report duly signed by the concerned official, along with geo-tagged photographs and a plan layout for positioning machines in order of working/installation.
- Detailed technical write-up highlighting the model Name/Number, features of the equipment offered, and/or technical literature & Drawings, etc.
- Plant/Unit Layout and details of floor requirements must be supplied along with the tender.
- The L1 bidder should supply all the equipment with complete installation, civil/electrical work, etc., within 45(Forty Five) days from the date of the award of the contract.
- After the award of work, the bidder has to take up comprehensive repair and maintenance of the Integrated Development of Beekeeping including development/ setting up of infrastructural facilities under the National Beekeeping and Honey Mission (NBHM) at KVK, Unnao (U.P.) during the warranty period of 01 years with a minimum of two preventive services per year, routine checks as per the requirement of machinery, and on-call repairs.

List of Items Required with Details under Tender

I. Establishment of Centre for Honey & other beehive products storage

1. Cold Storage Unit (Required Qty. 01)

Specifications:

- **Storage Capacity:** 1100 MT
- **Storage Temperature Range:** +2°C to +8°C (can be modified to -18°C depending on requirement)
- **Refrigeration System:** Energy-efficient, ammonia or freon-based system with automatic defrost and humidity control.
- **Insulation:** 120mm–150mm thick PUF insulated panels with vapor barriers for thermal efficiency.
- **Structure & Layout:** Modular RCC or PEB structure with pre-cooling rooms, loading/unloading docks, and fire safety systems.

II. Establishment of Centre for Honey & other beehive Products Collection, Branding & Marketing

1. Designing and printing of Labels

Specifications:

- **Material:** High-quality paper, synthetic, or waterproof vinyl depending on product requirements.
- **Size & Shape:** Customizable dimensions and die-cut shapes as per packaging standards.
- **Printing Quality:** Minimum 300 DPI resolution with CMYK or Pantone colour accuracy.
- **Finish:** Options include gloss, matte, UV coating, or lamination for durability and aesthetics.
- **Adhesive Type:** Permanent, removable, or freezer-grade adhesive based on surface and storage conditions.

2. Advertisement to promote the brand (Paper Advertisement Video A, Publication Advertisement)

Specifications:

- **Paper Advertisement:** Printed in newspapers or magazines with eye-catching design, logo, and brand message. Ideal for regional targeting and credibility among traditional audiences. Uses high-resolution graphics in CMYK colour. Includes call-to-action like contact info or website. Format ready for print in standard sizes (A4, half-page, etc.).
- **Video Advertisement:** Short promotional video (15–60 sec) for TV or social media platforms. Features visuals, voiceover, and music to convey brand story. Created in HD or 4K resolution for clarity. Engaging script with clear message and product focus. Optimized for different platforms like YouTube, Facebook, Instagram.
- **Publication Advertisement:** Appears in industry-specific journals or magazines. Targets niche audiences with technical or product-oriented content. Includes achievements, certifications, and product details. Designed professionally with brand colours and fonts. Usually placed in premium spots like inside front or back covers.

3. IBDC Product Web Design:

Specifications:

- **Responsive Design:** Fully mobile-friendly and adaptable to all screen sizes (desktop, tablet, mobile).
- **User Interface (UI):** Clean, intuitive layout showcasing products with easy navigation and search filters.
- **Product Display:** High-quality images, technical specs, pricing, and inquiry/quote buttons per product.
- **Performance:** Fast-loading pages with SEO optimization and secure (SSL) hosting.
- **CMS Integration:** Easy backend for updating products, content, and managing inquiries (e.g., WordPress, Shopify).

III. Establishment of Custom Hiring Centre

b. Equipment (01 - 10)

1. Bee Colony with Bee Hives: **(Required Qty.-500)**

Specifications:

- **Hive Type:** Standard Langstroth or indigenous wooden hives with removable frames.
- **Colony Strength:** Healthy colony with 8–10 frames, including brood, pollen, and honey stores.
- **Queen Bee:** Young, active, and properly mated queen for high egg-laying capacity.
- **Hive Material:** Durable, weather-resistant wood with proper ventilation and insulation.
- **Accessories:** Includes stand, cover, entrance reducer, and feeder for colony maintenance.

2. Bee Hive Stand/Tool: **(Required Qty.-500)**

Specifications:

- **Material:** Made from rust-resistant metal or durable treated wood for outdoor use.
- **Design:** Stable, elevated structure to protect hives from moisture, pests, and ground heat.
- **Load Capacity:** Strong enough to support fully loaded hive boxes (up to 100–150 kg).
- **Height:** Typically, 12–18 inches above ground for easy access and ventilation.
- **Portability:** Lightweight and easy to assemble/disassemble for field mobility.

3. Nucleus Beehive: **(Required Qty.-100)**

Specifications:

- **Size:** Compact hive with 4 to 5 frames for brood, pollen, and honey storage.
- **Material:** Made of durable, insulated wood or plastic for temperature regulation.
- **Queen Bee:** Contains a young, mated queen with a small, healthy bee population.
- **Use:** Ideal for colony multiplication, queen rearing, or transporting bees.
- **Ventilation & Access:** Proper airflow, secure entrance, and easy-to-open lid for inspection.

4. Honey Extractor (Stainless Steel - SS): (Required Qty.-20)

Specifications:

- **Material:** Made of food-grade stainless steel (SS304) for hygiene and durability.
- **Capacity:** Available in 2, 3, or 4-frame models to extract honey from multiple frames at once.
- **Operation Type:** Manual or electric spinning mechanism for centrifugal extraction.
- **Drum Design:** Cylindrical, rust-proof drum with reinforced base and honey gate valve.
- **Ease of Cleaning:** Smooth inner surface for easy cleaning and maintenance.

5. Propolis Strip (for Beekeeping use): (Required Qty.-1000)

Specifications:

- **Purpose:** Used to control Varroa mites and other parasites in bee colonies.
- **Material:** Composed of plastic or cardboard infused with miticide (e.g., fluvalinate or amitraz).
- **Application:** Hung between brood frames; typically, two strips per hive.
- **Effectiveness:** Provides long-lasting mite control for up to 6–8 weeks.
- **Safety:** Non-toxic to bees when used as directed; approved for organic or conventional hives.

6. Honey Storage Bucket: (Required Qty.-1000)

Specifications:

- **Material:** Made from food-grade, BPA-free plastic or stainless steel for safe honey storage.
- **Capacity:** Available in various sizes, typically ranging from 10 to 50 liters.
- **Lid Design:** Airtight, leak-proof lid to prevent contamination and moisture entry.
- **Honey Gate:** Fitted with a durable, easy-flow honey gate valve for clean dispensing.
- **Hygiene & Durability:** Smooth interior for easy cleaning and long-term reuse.

7. Queen Rearing Kit: (Required Qty.-100)

Specifications:

- **Components:** Includes cell cups, cell bar frames, grafting tools, queen cages, and holders.
- **Material:** Made from non-toxic plastic and durable wood for repeated use.
- **Function:** Designed to raise multiple queen bees simultaneously in controlled conditions.
- **Compatibility:** Fits standard Langstroth hive frames and setups.
- **Efficiency:** Supports hygienic, organized, and high-success queen breeding process.

8. Beehive Frame/Comb: (Required Qty.-200)

Specifications:

- **Material:** Made from seasoned wood or durable plastic, often with a wax- coated foundation.
- **Size:** Standard dimensions to fit Langstroth or other hive types (deep, medium, or shallow).
- **Foundation:** Pre-waxed or natural comb foundation to support bee comb building.
- **Durability:** Strong enough to hold brood and honey without warping or breaking.
- **Ease of Handling:** Smooth edges and reinforced structure for easy lifting during inspection.

9. Inner/Outer Cover for Beehives: (Required Qty.-100)

Specifications:

- **Material:** Made from weather-resistant wood or metal-clad board for durability.
- **Inner Cover:** Provides insulation and ventilation; includes a central hole for feeder or escape board.
- **Outer Cover:** Sloped or flat design with waterproof metal top to protect from rain and heat.
- **Fit & Compatibility:** Designed to snugly fit standard hive boxes like Langstroth hives.
- **Weather Protection:** Shields hive from direct sunlight, moisture, and pests for colony safety.

10. Protective Wear (Beekeeping Suit): (Required Qty.-100)

Specifications:

- **Material:** Made from thick, breathable cotton or polyester fabric to prevent stings.
- **Design:** Full-body suit with elastic cuffs, ankle closures, and zippered front for full coverage.
- **Veil:** Attached or detachable veil with mesh screen for clear visibility and face protection.
- **Durability:** Reinforced stitching and heavy-duty zippers for long-lasting use.
- **Comfort:** Lightweight and ventilated for ease of movement and extended wear during inspections.

5. Scope of Work

The selected agency shall be responsible for the supply, installation, and commissioning of the honey processing and beekeeping equipment as per the specifications provided in this tender document. The scope of work shall include but not be limited to the following:

- Supply of all specified honey processing and beekeeping equipment.
- Transportation of the equipment to the designated site(s).
- Installation and commissioning of all equipment as per the manufacturer's specifications and relevant standards.
- Providing all necessary tools, tackles, and manpower for installation and commissioning.
- Ensuring proper functioning of the equipment after commissioning.
- Providing comprehensive training to the client's personnel on the operation, maintenance, and troubleshooting of the equipment.
- Providing necessary technical support during the warranty period.
- Compliance with all safety regulations during supply, installation, and commissioning.
- Any other related services as deemed necessary for the successful completion of the project.

6. Payment Terms

Payment shall be made to the selected bidder as per the following schedule:

- 50% Advance along with Purchase Order of the equipment at the designated site(s).
- 50% of the contract price upon delivery of the equipment and successful installation and commissioning of the equipment.

7. Liquidated Damages

If the bidder fails to deliver and install the equipment within the delivery period specified in the contract, the KVK, Unnao shall be entitled to recover liquidated damages from the bidder at the rate of 0.5% of the contract price per week or part thereof, subject to a maximum of 10% of the contract price.

8. Force Majeure

Neither party shall be liable for any failure to perform its obligations under this contract if the failure is due to Force Majeure, which shall mean events beyond the reasonable control of the party affected, including but not limited to acts of God, war, riots, fire, flood, or strikes.

9. Arbitration

Any dispute arising out of or relating to this contract shall be settled by arbitration in accordance with the [Arbitration and Conciliation Act, 1996, or other applicable law]. The place of arbitration shall be Unnao (U.P.). The appointing authority shall be the KVK, Unnao.

10. Annexures

The following annexures form an integral part of this tender document:

- Annexure I: Form of Technical Bid Submission Letter
- Annexure II: Information on Bidder's Organization
- Annexure III: Bidder's Authorization Certificate
- Annexure IV: Performa for Affidavit
- Annexure V: Similar Nature of Work Experience/Contracts

Subject: Submission of Technical Bid for Tender No: [Tender Number] for Procurement of Cold Storage & CHC for Beekeeping.

Respected Sir,

We, the undersigned, having examined the tender document, including all annexures, hereby submit our technical bid for the above-mentioned tender.

We confirm that we are eligible to participate in this tender and that we have the technical expertise and resources to supply, install, and commission the equipment as per the specifications provided in the tender document.

We have enclosed all the necessary documents as required in the tender document.

We agree to abide by the terms and conditions of the tender document and our bid shall remain valid for a period of 180 days from the last date of submission of bids.

We understand that you are not bound to accept the lowest or any bid you may receive.

We agree to accept the decision of the KVK, Unnao regarding the selection of the successful bidder.

Yours faithfully,
